

Testimonials

"Before I got the SMART LINK I fell between the wall and the bed and I was there for an hour before I finally got myself out. I could have been there for days before anyone came to help. Now I feel a lot better knowing that with SMART LINK I can get help quickly with the push of a button."

Robert Spratt
Ottawa, Ontario

"Anyone who is alone at times should have a SMART LINK. You don't have to be old. It's for the young and the more mature. It is so convenient and you get the help you need in a hurry. When I'm alone in the evening I have so much Peace of Mind. Thank you for keeping me safe."

Nessa Sherwood
Ottawa

SMART LINK Personal Emergency Call System

HELPING YOU STAY HOME AND SAFE

"My health - My choice"

SMART Independent Living Inc.

This Could Save Your Life!

The SMART LINK is ideal for:

- ✓ seniors who live alone or are alone at times
- ✓ people with medical conditions
- ✓ people with difficulty walking or who could be in danger of falling
- ✓ anyone who might need help in an emergency

With 20 years experience in alarm technology the owners of Smart Independent Living are dedicated to providing seniors, the handicapped, surgery recovery patients and those confronted with mobility challenges with the option to remain independent.

Select representatives of Smart Independent Living are CSA (Certified Senior Advisor) certified.

How the SMART LINK works: The SMART LINK is:

In any emergency

- 1 Press the button on your personal pendant or watch.
- 2 Your SMART LINK will automatically send a message to our 24 hour Help Centre.
- 3 Within seconds, a trained professional from our Help Centre will be able to speak with you through the SMART LINK even if you cannot reach your telephone.
- 4 Our Help Centre staff will determine your need and will notify your emergency contacts immediately.

Two-Way
Communication

Family Members Friends Emergency Response

- ✓ professionally monitored 24 hours a day by trained staff
- ✓ simple to use - with the push of a button help is on the way
- ✓ affordable to anyone (with special programs available for veterans or low income individuals)

Exceptional Monitoring

The SMART LINK is monitored 24 hours a day. Our Help Center is staffed with knowledgeable **bilingual** professionals who specialize in true two – way audio. Most importantly they are experienced at providing **personalized service** to elderly clients or to those who might need medical help.

Smart Independent Living is a registered provider for Veterans Affairs.
